

# Results of the 2007 CQ WW WPX CW Contest

BY STEVE MERCHANT,\* K6AW

**D**espite continued poor bottom of the sunspot cycle conditions, contestants enjoyed very high levels of activity and a huge number of prefixes in the 2007 CQ WW WPX CW Contest. We received over 2500 CW log entries—a 20% increase in the past two years. Activity in the CQ WPX contests continues to climb, especially among European contesters. This was the 49th running of the CQ WPX CW contest, and everyone is hoping number 50 will happen under much better conditions.

## Single Operator All Band

Operating this year as 3V8BB, Hrane, YT1AD, narrowly piloted his Tunisia station past Steve, K6AW, at HC8N in the Galapagos. Harry, RA3AUU, traveled to Cyprus to operate P33W and placed third. Marko, N5ZO, operated as PS2T, winning fourth place for this well-known Brazilian station, and PJ2T (Jim, WI9WI, op.) was fifth. The top North American score was turned in by Ken, K6LA, operating his Prince Edward Island station, VY2TT.

Just as with the 2007 CQ WPX SSB results, the top two scores in the USA came from Dan, K1TO, operating this time as NE4AA, and Alex, LZ4AX, at KC3R. Unlike the close SSB results, Dan had over a one-million point margin on CW. Dick, WC1M, did a nice job taking third place. Dave, K1ZZ, took fourth as KO3A, and contest regular Bud, AA3B, took fifth in the USA.

Once again the top European score came from 9A1A (Emil, 9A9A, op.), followed by Manfred, DJ1YFK. In third place was Boris, S58A, while only a little over 50,000 points behind him was Roger, EA3ALZ, operating from EA6FO in the Balearic Islands. There were three Asian stations in the top ten: P33W, UA9CLB, and C4W.

The SOAB Assisted category had the first four entries spread out over just a half million points and the first two finishers were USA stations. Sig, N3RS, operated as NN3L to take the top spot, followed very closely by Chas, K3WW. Third place was won by Alex, VE3KF, operating from TO3T in Martinique. Gerry, G0RTN, operated G6PZ to take fourth in the world and was the first European winner in this category in 2007.

The competition for first place SOAB low power world and Europe was won by CT6A operated by Filipe, CT1ILT. There was a real horse race for second and third place between Yasar, TC3D, and Yuri, VE3DZ, with Yasar taking second by a narrow margin. Perennial top finisher in this category, Ed, N1UR, took fourth world and first USA as NV1N, and right behind him was David, EA1FAQ.

The race for world high QRP was between Bosko, YT7TY, and Bill, W8QZA at TI5N, with Bosko winning by a slight margin. Antonin, OK7CM, moved up a notch from the SSB test to take third. Doug, KR2Q, won fourth place world and first place USA, and Milan, OK1IF, took fifth place as OL4W.

## Single Band

Ten meters is not dead. Pavel, OK1MU, operated TA2ZAF and made almost 1300 contacts to win the top spot in the world and Asia. Right behind him was Diego, LW9DA, in second, and Al, RU6CQ was third and first in Europe. Giuseppe, IT9BLB at IU9S, was fourth and Edin, T97M, took fifth.

Fifteen meters was very hot for Faisal, 9K2RR, who operated Hamad, 9K2HN's station to take first place world. Silvio, LW9EOC, repeated his SSB win by taking LS1D to second place. 4O2A was operated by Nesa, YT1NP, for the third spot, and fourth was taken by UR6F, (Nikolay, UX0FF op.) Fifth place was won by Milan, YU1ZZ, operating as YZ0Z.

As usual, 20 meters was a busy place. The top station was YT2T operated by 4N1JA. The next six stations were jammed into a spread

*The Single Op, All Band USA winner was Dan, K1TO, operating NE4AA. Dan had over a one-million point margin over the second place entrant. This photo shows the 40- and 20-meter setups, the two bands on which 95 percent of the QSOs were made in the contest.*

of less than 350,000 points—a very competitive space. In second was another Serbian station, 4N8A operated by Dusan, YU1EA. Third was Pedro, HK1X; fourth was I17M (Arturo, IK7JWY op.); fifth was Nikola, 9A5W; and sixth was LZ9W (Ros, LZ1RGM, or.)

Forty meters was a close race between frequent winner John, KK9A, operating P40A from Aruba and Dule, ZM3A, far away in New Zealand. Third place was won by Vaho, 4L8A; Robert, S57AW, was fourth; and Ivar, YU1LA, took fifth. Dave, NN1N, took first USA over Dave, W6NL operating KZ6D. Tom, K1KI, was in third place.

Franta, 7X0RY took a nice lead to win the 80-meter single band competition from Algeria. SO2R (Kaz, SP2FAX) was second and first Europe; YR7M (Tibi, YO9GZU) was third; OK3R (Miro, OK1DVM) fourth; and Karl, S52AW, was fifth. Steve, W3BGN, was first USA followed by Mike, K9NW, and Steve, K0XP.

One-sixty meters is an interesting band at this point in the sunspot cycle, even in late May. Arunas, LY2IJ, was first world and first Europe. Low power competitor Ozer, TA2RC, was second as YM0T; frequent competitor Steve, ZC4LI, was third from Cyprus; Hans, DF2UU, fourth;

## Corrections

In the write-up of the 2007 WPX SSB results in the January issue there were some errors in the list of trophy sponsors (the winners were correct). Accurate listings of all trophy sponsors can be found on the CQ WW WPX website, <[www.cqwpw.com](http://www.cqwpw.com)>. Also, the dates of this year's contest were incorrect. **The 2008 CQ WW WPX SSB Contest will be held March 29–30.**

In the 2006 WPX CW results we incorrectly awarded the Combined SSB-CW World SOAB, Al Slater, G3FXB Memorial Trophy. The correct winner is VC3J, operated by John Sluymmer, VE3EJ.

and Wal, W8LRL, was fifth world and first USA using special event callsign WV8JR.

## Multi-Single

This year's winner was the team of W6LD, W0YK, and KX7M operating as P40L in Aruba. Right behind them was a Latvian team (plus host Edu, EA8AUW) operating EE8A in the Canary Islands, finishing second. Moroccan station 5D5A came in third, fourth was ZF1A from the Caymans, and fifth was the French team at TM7XX. Sixth place world went to a multi-national team at VE3EJ, which was also the top North American winner.

In the USA there was a tight race between KT3Y (Phil, KT3Y, and Bob, K3EST) and Howie, NY4A. In the end the KT3Y team was able to prevail and take first place. Third was WU3A, followed by WA5Y and W1CU in fourth and fifth place, respectively.

## Multi-Two

The Multi-Operator Two-Transmitter category was won by EF8M, a Russian team operating at Pekka, EA8AH's station in Gran Canaria. They achieved 33 million points, a new world record and over twice the points of any other multi-op entry. The Slovakian team at OM8A narrowly got in front of the third-place Croatian team at 9A7A for second world and first Europe. From Estonia, ES5Q was close behind in fourth, and LX7I was fifth.

The KD4D team, operating from N3HBX's station, easily repeated their success of the SSB test as champion of the USA. The Floridians at AB1HZ took second place, and WX5S took third place from their West Coast location.

## Multi-Multi

The German team at DR1A won the Multi-Op Multi-Transmitter category, followed closely by OM7M. NQ4I was third world and first USA, ZL6QH took fourth place as they bow out of contesting for a while, and LY7A was fifth. Second USA was NR4M, third was NX5M, N0NI was fourth, and KF7NN took fifth place from W4MYA's station.

## Tribander/Single Element

The Tribander/Single Element category limits participants to a single tribander antenna for 10–20 meters and single-element wires for the low bands. The purpose is to provide a competition class for the "average" station. Boyan, LZ2ZBE, operating as LZ8A took first place world and first Europe. He was followed by Christo, LZ3FN, who took second place, and LR4E (Martin, LU5DX) was third. Eugene,

*Doug, KR2Q, won fourth place world and first place USA QRP, All Band.*

RU9CK, was fourth and low power Yuri, VE3DZ, was fifth.

In the USA Paul, N4PN, using another unusual call, KW3A, scored a victory over WN2O, operated by Mike, N2GC.

Europe, and Vange, BD7KLO, was third with a fine effort from China. All three entries were low power.

In the USA, Rocky, NE7D, took first with a nice low power score, followed by Mike, KB3P.

## Rookie

The Rookie category is for operators who have been licensed amateur radio operators for less than three years. Bogdan, RU9CD, scored an impressive win from Asiatic Russia to take the category. David, F8CRS, was second and first

## Chasing Prefixes

The winning strategy for the WPX contests must balance QSO points with prefixes. Leaders of the prefix hunt were EF8M with 1256 prefixes and DR1A with 1184, fine numbers for this point in the sunspot cycle. We appreciate

*Steve, K6AW, operated superstation HC8N in the Galapagos and came in second place world Single Op, All Band, High Power.*

all the operators who go out of their way to obtain special call signs or activate club stations in order to provide the rest of us with a new multiplier. Special thanks to: 3Z50KCR, 5D5A, 5Q1CW, 9A950DM, DH150HZ, DL40RRDXA, DR80AMA, DT0HF, GB6BW, GX0SAC, H2E, LZ07KM, ON60MCL, R150M, SC30VL, SJ0WPX, SY8JG, SZ1A, UO50F, VQ97JC, and YU07HST.

## New Records

Records can be broken even during poor propagation conditions. Congratulations to these new record holders:

7X0RY—Africa 80m, 1,562,172 points  
 EF8M—World and Africa Multi-Two, 33,324,192 points  
 KH6ND—Oceania 160m, 22,100 points  
 ZM3A—Oceania 40m, 6,043,950 points

## Log Checking

The CQ WW WPX Log Checking Committee took extra care analyzing certain entries this year. There is a small group of entrants who specialize in seeing if they can bend or break the contest rules without detection. This is not

a productive activity. The committee disqualified one high-scoring (top 15) entry, reduced some scores, and issued written warnings to other contestants.

## Kudos

Many thanks to several members of the CQWW Contest Committee for helping with various log-handling issues. Thanks to Randy, K5ZD, for his help with redesigning and managing the CQ WPX website and for his fine write-up of this year's SSB contest. Thanks as well to Trey, N5KO, and his robots; they are a huge help in the log-checking process. Ken, K5KA, is doing a very excellent job managing the plaque program, and we are happy to welcome Jacques, F6BEE, to the WPX team as master record-handler. The biggest thanks go to Steve Bolia, N8BJQ, for his help and endless energy and enthusiasm, and to Gail, K2RED, who is our editor and who puts up with all our close-to-the-edge submissions for deadlines.

## Rules Change

We have revised and simplified the logging requirements for multi-op stations effective with

## 2007 TROPHY WINNERS AND DONORS

### SINGLE OPERATOR, ALL BAND

**WORLD:** Steve Bolia, N8BJQ. **Won by:** 3V8BB operated by Dr. Hrane Milosevic, YT1AD.  
**USA:** Dennis Motschenbacher, K7BV. **Won by:** NE4AA operated by Dan Street, K1TO.  
**EUROPE:** Ivo Pezer, 5B4ADA/9A3A. **Won by:** 9A1A operated by Zdravko "Emil" Balen, 9A9A.  
**OCEANIA:** Tom Morton, K6CT. **Won by:** Dusko Dumanovic, ZM3A.  
**CANADA:** Radio Amateurs of Canada (RAC). **Won by:** VY2TT operated by Kenneth Wideltz, K6LA.  
**JAPAN:** Simon Candotto, IV3NVN. **Won by:** Masaki Masa Okano, M.D., JH4UYB.  
**WORLD LOW POWER:** Caribbean Contesting Consortium. **Won by:** CT6A operated by Filipe Lopes, CT1ILT.  
**CANADA LOW POWER:** Contest Club Ontario. **Won by:** Yuri Onipko, VE3DZ.  
**USA LOW POWER:** Terry Zivney, N4TZ. **Won by:** NV1N operated by Edward Sawyer, N1UR.  
**USA ZONE 3 HIGH POWER:** Jim Pratt, N6IG. **Won by:** W6YI operated by Daniel Craig, N6MJ.  
**USA ZONE 4 HIGH POWER:** Society of Midwest Contesters. **Won by:** KT2Z operated by Richard King, K5NA.  
**USA ZONE 4 LOW POWER:** Society of Midwest Contesters. **Won by:** KS9K operated by Terry Zivney, N4TZ.  
**NORTH AMERICA QRP:** Dale Martin, KG5U. **Won by:** T15N operated by William Parker, W8QZA.

### SINGLE OPERATOR, SINGLE BAND

**WORLD 3.5 MHz:** Ranko Boca, 4O3A. **Won by:** Frantisek Pubal, 7X0RY.  
**WORLD 7 MHz:** William D. Johnson, KV0Q. **Won by:** P40A operated by John Bayne, KK9A.  
**WORLD 14 MHz:** Gene Walsh, N2AA. **Won by:** YT2T operated by Marko Zivkovic, 4N1JA.  
**WORLD 28 MHz:** Steve Hodgson, ZC4LI. **Won by:** TA2ZAF operated by Pavel Prihoda, OK1MU.  
**USA 14 MHz:** Kansas City DX Club. **Won by:** Carol Richards, N2MM.  
**USA 21 MHz:** Charlie Wooten, NF4A. **Won by:** WN1GIV operated by Robert Patten, N4BP.  
**USA 28 MHz:** Bernie Welch, W8IMZ Memorial. **Won by:** NA4W operated by Courtney Judd, K4WI.

### MULTI-OPERATOR, SINGLE TRANSMITTER

**WORLD:** Ron Blake, N4KE. **Won by:** P40L operated by W0YK, KX7M, W6LD.  
**ASIA:** W2MIG Memorial (NT4TT Sponsor). **Won by:** JA5FDJ operated by JA5FBZ, JA5JCC, JA5THU, JA5FDJ.  
**USA ZONE 4:** Mike Fatchett, W0MU. **Won by:** VE3EJ operated by S51TA, VE3EJ, VE3MM.

### MULTI-OPERATOR, TWO TRANSMITTER

**USA:** Florida Contest Group (FCG). **Won by:** KD4D operated by NA3D, NI1N, NN3W, K3MM, K3RA, KD4D.

### MULTI-OPERATOR, MULTI-TRANSMITTER

**WORLD:** Steve Merchant, K6AW. **Won by:** DR1A operated by DF6JC, DJ6ET, DJ7EO, DL1MFL, DL3DXX, DL5LYM, DL6FBL, DL6LAU, DL9EE, JK3GAD, ON4JZ, ON5UM, PC5A.  
**USA:** Jim Reiser, AD1C. **Won by:** NQ4I operated by NQ4I, N5BI, VE7ZO, KF4GTA, NF4A, K2UFT, K4BAI, W4QO, KC4BVF, WI4R.

### CONTEST EXPEDITION

**WORLD:** Phil Goetz, N6ZZ Memorial – OH0ZZ (OH2BH, OH2MM, OH2PM, K6AW). **Won by:** EE8A operated by YL2KL, YL3DW, YL2GQT, YL2PP, EA8AUW.

### COMBINED SSB/CW Single Operator, All Band

**WORLD:** Yuri Blannovich, K3BU. **Won by:** UP0L operated by Vladimir Vinichenko, UN9LW.

### CLUB (SSB & CW)

**WORLD:** CQ magazine. **Won by:** Bavarian Contest Club.

\*Low Power.

once again . . . **C4W**. Tnx Roberto, CE4CT, for hosting and sharing your time to help me. What a pity condx were not quite good, but it was interesting to find OM's anywhere. CW party was great. CQWW is the contest. Congratulations to everybody who was behind the scenes . . . **CE4CT**. Glad to have the chance to give the multiplier to some stations. I used my home station in Funchal, capital city of Madeira Island . . . **CT3EE**. Again good fun. Low bands were very noisy due to QRN! It was almost impossible to work on 160m! . . . **DA0I**. Only S&P. 10-15-20m: 3-ele FB-33 14m ag. 40m: dipole 2-3m ag, the dipole is a spare for receiving, lying 1 meter on a metal balustrade. So big cheers for all 14 USA stations with really big ears who heard me, sometimes on first shot! . . . **DF2LH**. Don't forget, the fun is the power! . . . **DK3RED**. Good conditions this year. 10m very active with EU openings. Some good DX for me on QRP: HC8N in the middle of a West Coast pile-up! The weekend but I enjoyed it very much . . . **F6FTB**. Some of the WPX contest special prefixes which have loads of "dits" can be difficult to copy when they come at you for the first time at 36 wpm! . . . **G3TXF**. Thanks to Paul, G6PZ, for the use of his great station. Lack of a top-notch 40 metre antenna hurt me badly, but Paul's new 4-over-4 SteppIR stack rocked on 15 and 20. Conditions were bad? I didn't really notice. This contest is always lots of fun . . . **G6PZ**. Aired our special events callsign (GB6GW) from my station for a couple of hours as part of the 75th anniversary celebrations of Blackwood & District Amateur Radio Society. All QSLs via GW0TKX . . . **GB6GW**. The GX prefix seemed to cause a lot of confusion. It's an English club prefix. Part time operation as part of an exhibition station during Scout centenary special event station . . . **GX0SAC**. About the same number of Q's with less claimed points is the result of this year's contest. No 80 meter operation possibility is available with the new antenna. It was a fun to take part anyway. Thanks for Q's. See you next year! . . . **HA2MN**. Had a power break during Sunday for 4 hours. Murphy was calling! have not had a break in years, but of course the only weekend in the year when power was needed a tree fell over the power lines! . . . **HS0ZDY**. What a surprise the shining 10m (worked K3OO at 2230Z!) and the huge EU pile-up. Super 20m with good US pile-up at times and 40m as well . . . **I2WIJ**. I was late by two days to get to my contest QTH on Thassos island, Greece. Arrived Sunday afternoon, just after I drove 1400 km. Put up my monobander gp's and started. My rest man power was enough for this result, hi . . . **J48HW**. I entered single-op 160m low power. The condition between the USA and JA was not so good, but I could QSO with AA0RS. His signal was 599+, very strong! I used M.V. (micro vert) antenna for 160m in this contest. It was very fb. Its gain was nearly equal full-size dipole . . . **JE1SPY**. he aurora level >6 and high Kp really made this a tough one for us most of the weekend. Thanks to all who took the time to turn their antennas towards KL7 . . . **KL2R**. Under such condx there

## We Have an Antenna to fit All Your HF Requirements

3 Element Yagi

Shown With -

40m-30m

Dipole Option

**BigIR MK III**

Did you know....?

- Tunable - Continuous coverage not just the ham bands
- Reverse direction in just seconds - Also has a bi-directional mode (Yagi)
- Handles 3KW - key down
- Nearly 1:1 SWR **Everywhere**
- Fiberglass elements are extremely rugged
- Other models available

**SteppIR Antennas**

2008

This year's calendar brings you 15 spectacular color images of some of the biggest, most photogenic shacks, antennas, scenics and personalities from across the country!

Calendar includes dates of important Ham Radio events such as major contests and other operating events, meteor showers, phases of the moon, and other astronomical information, plus important and popular holidays. The CQ Ham Radio Operators calendar is not only great to look at, it's truly useful, too!

ought to be a premium for working W's. Could work all EU all day and night on all 5 bands, but DX only on 20 and 40, where they drowned in the EU QRM. Was fun anyway, and I'll still come back . . . **LA6CF**. My first CW contest and what a fine experience. Almost without exception I met patient and helpful QSO partners willing to spend a little extra time to help me get everything right. I will do this again! . . . **M0TBF**. Best fun I had in ages running on 10m sporadic-E just like solar max but not DX . . . **MU0FAL**. A lot of fun despite generally bad propagation and QRN. Thanks to OH6LI for the station and to OH3AG for the callsign . . . **OF3F**. What a bad contest it was for me this year. Stormy weather (QRN). No QSOs with NA, SA, JA. I hope better condx, weather, and result next year. Thanks to all who heard my QRP signal in the noise . . . **OK1DSA**. Nice to work a hundred or so stations on 10m at the sunspot minimum! Great to work some new prefixes towards my WPX Award. Contests are fun. QSLing those contacts is even more fun! . . . **ON4CAS**. OU3, a new prefix for the first time in CQ WPX, but what a disappointment! Three out of four stations questioned the call by coming back to me . . . **OU3A**. Heavy QRN on the second night from thunderstorms made copying stations a real challenge . . . **P40A**. Worked QRP with my FT-817 and inverted-V. Best DX were HK1X and HC8N in the last hours of the contest (hi). Thank you for the nice contest . . . **PA1B**. Was surprised by propagation on 10m. Tnx to all calling me. See you next year . . . **RV2FW/1**. When on the evening of the second day after a power break I lost whole day QSOs (at about 2000 QSOs) I gave up! Next time better . . . **S50R**. High noise level from thunderstorm. Second night surprised with strong NA signals but due to the 36 hour rule had planned for rest. However I like the 36 hour rule; you must plan ahead to be on the bands at the right time which also is a part of the competition . . . **SC3N**. Lucky for me my Writelog has great decoder for CW, so therefore I was able to participate. Unbelievable CW speed some send. But my CW ability is slowly returning. This is great fun and much easier to break through than on RTTY . . . **TF3AM**. There were hours in this contest where I struggled to work ten QSOs and other hours where my 5 watts seemed to work the world with one call. Thanks to Keko (T15KD) and his wonderful wife Sophie for hosting me in the 5th year of doing this contest from there . . . **T15N**. Fb 28 MHz QSOs! . . . **UA3AKI**. Not bad condition on 10m. Much fun as usual . . . **UR5IKN**. My first contest operating from Oceania . . .

\*Low Power

**VK2CCC.** I could have done without the electrical storms here in Queensland . . . **VK4EJ.** G'day to all in the test. I seem to be in a propagation desert . . . **VK4TT.** This was the first time a special prefix had been authorized for use from here. Hopefully there will be more to come . . . **VQ97JC.** With the conditions, after 23 QSOs on 40m with 100W I understood I was on for hard work all band so I went SOSB 20m LP and some sleep! Three goals achieved: 1000 QSO mark and 1,000,000 pts, and have some fun! This is enough for my age! . . . **XM2FU.** Work commitments on 1st day and static noise from thunderstorm on 2nd night dramatically limited my op hours. Tks for the great ears of the superstations and a great contest. Cu agn next year . . . **YB6LD.** A tough contest with poor condx for us. Our raw Multi-Multi score of 10.8M is 10% lower than last year's Multi-Two and much lower than our OC record of 16M. The underperforming bands were 10m, 15m, and 160m with some frustrating one-way propagation . . . **ZL6QH.**

## USA QRM

My first WPX in a very long time. Many thanks to K5HAB and W5HAB for letting me visit and operate . . . **AA5B**. I only got to operate for an hour or two with my MFJ-9020 but I had a lot of fun! . . . **AA5TB**. Always fun. QRN a little high. Did better than last year and look forward to the next. Thanks to all . . . **AA7FK**. Slow going on Friday night and Saturday morning, but a big improvement in conditions by Saturday night. Thanks to all the ops who make it a great event . . . **AB3CX**. Condx not bad, except for the thunderstorms which came through 1.5 hrs before the end. Equipment prob-

lems abounded. Apologies to all those who had to decipher my lousy CW. Also noticed that AB3EI is a terrible contest call. See you next year (with a new call) . . . **AB3EI**. This was like two separate contests, one in EU and another in NA! . . . **AK1W**. I was all set to go with automated contesting (first time) and my computer crashed! Spent most of the weekend recovering everything. Finally got it going again and was able to almost make my score from 2006. My setup has improved, so I'll be ready to compete next year . . . **K0LDS**. Glad to hear signals on 10 and 15! . . . **K3GW**. Had the flu and wasn't sure I was going to operate at all, but this

was so much fun I managed to keep at it on and off all weekend. All S&P. Next time will try some running too. My Hexbeam started acting strange on Sunday and found a branch had snagged it . . . **K4XD**. Used WW II vintage handkey, a little sloppiness at times . . . **K5BZH**. My first WPX! Elecraft K2 running 5W to Hustler 6BTV on my roof about 20 feet up. Two tuned radials for every band except 80m, which has none. My roof is too small! Good fun even if conditions made QRP very challenging . . . **K6DBG**. Great contest at the bottom of the cycle! 15 meters needed help! Nice to work the 7X0 on 80 and have the J28 call me on 20. Thanks for the great time! . . . **K8GL**. Horrible conditions. Heard many EU stations that did not hear me. Heard zero JA's or OC . . . **KC7UP**. First time in this contest. Lots of fun! Can't wait for next year! . . . **KC8SQC**. Wow. I loved this contest. A lot of fun. I'm hoping I place in the Rookie category! . . . **KE5FRF**. Thanks to Ranko, YT6A/4O3A for letting me break in his new U.S. callsign . . . **KO3A**. After 13 years away it is nice to be back. Operated with only ground-mounted vertical and KW. Boy did I miss the fun! . . . **KQ8M**. If I knew that I was going to be this close to 1 million points I would have taken a shorter lunch and dinner break! . . . **KR2Q**. Here it is late May and a pipeline to West Africa on 40m from MT. Got 5D5A on first call right after QSYing from 20. Flipped the dial once and there he was. Now that's the way I like to work a new prefix! . . . **KS7T**. Some on the East Coast see the WPX as a combination of two contests, DX and SS. When the DX slows down they shift to running stateside stations. In that view the past WPX was the best of all possible worlds for them. . . . **KS9K**. With tribander 20K more points than last year! . . . **N4DXI**. Despite high line noise half-decent conditions Sunday on 20 allowed me to have a few minutes of fun for the first time in a long time . . . **N4TO**. Activity seemed down because of low sun spots and higher than normal K-index. Enjoyed using Super Duper contest program . . . **N4UH**. First ever CW contest. Had a blast. See you next time! . . . **N4VZ**. This was certainly one of the more grueling contests I've been in. Friday night I bailed at about 10 PM local as I just wasn't getting anywhere. I heard later that there was a great JA opening around midnight that I missed . . . **N6WG**. Really tough conditions with a simple shortened dipole at 35 ft. Lots of lightning/rain static Friday night with almost zero activity. Saturday night lower noise but same stations heard! In memory of Dave, W9LYA . . . **N9TF**. Great contest. I am looking forward to better condition next year. Thanks to all for the extra effort to pull me out of the bad conditions . . . **NA4C**. Surprised KH6ND and CX6VM came through the crashes on 160m. Surprised ZL6QH came through on 10m at all . . . **NE5D**. First time out for us. Had a great time. Hope conditions are better next year! . . . **NQ2F**. Condx bad Friday night. Much better Saturday night. Always a great contest. Rig Heath HW-9, antenna Carolina Window . . . **NU4B**. Used the District of Columbia ARS callsign NW3DC on HF for the first time. Too many thought I was LW3DC, the curse of super check partial! . . . **NW3DC**. I thought for the first 20 some hours that this would be a NA/SA contest only as condx into EU and Asia were nil. But Saturday evening 20m opened to EU, ZL, and JA vvy strong. Sunday morning another fb opening all day into EU . . . **W0ETT**. It was wonderful to operate in the contest with Champ, E21EIC, who just passed his U.S. Extra class exam a few days earlier . . . **W1CU**. Bands punky, but made some good catches, especially New Zealand . . . **WA8REI**. Had fun. Couldn't work much of the contest, but hope I gave some folks some new prefixes. God bless! . . . **WJ5K**. First time with club call WQ8RP. Lousy DX antenna (67 ft. center fed dipole fed with 450 ohm line). Did surprisingly well for a "so-so" contester and marginal setup . . . **WQ8RP**.

## CQ WW WPX CW CONTEST ALL-TIME RECORDS

The contest is held each year on the last full weekend of May. The All-Time Records are updated and published annually. Data shown below is: callsign, year of operation, total score, and number of prefix multipliers.
